Hey Rich,

Neither Josh, Andrea or I recall discussing issues responsive to the requests in the Shor Letter over the Government's internal chat system. However, after receiving your email on Friday we reached out to our IT department for assistance in determining whether a search for internal chats can be conducted and if so how best to conduct it. Once we have a substantive update on this we'll reach out to you.

Thanks,

Max

Max,

The June 26 supplemental production appears to include emails only. Can you please let us know whether the government also searched its internal chat system? Thanks.

Rich
